

Armistice Talks in Korea Hit a New Low

Allied Package Program Is Flatly Rejected

Munson, Korea, May 7 (AP) — Korean truce talks sank to an all-time low today after the Communists rejected the Allies' "clear, final and irrevocable" package proposal.

The official Allied spokesman said, "There is nothing left to discuss."

Top negotiators of each side told the other: "The next move is up to you."

Agreement appeared so remote the United Nations Command proposed an indefinite recess of armistice talks. But full delegations will meet again tomorrow at 11 a. m. (9 p. m. Wednesday, EST) at Red instistence.

Negotiators abruptly ended the secrecy which had shrouded the talks since the Allied package deal was presented April 28, in Tokyo. Gen. Matthew B. Ridgway promptly announced the virtual Allied ultimatum. It is a three-point package:

1. The Communists must accept the Allied package.

2. The Communists must accept the Allied package.

3. The Communists must accept the Allied package.

Union President Philip Murray, two other top union officials and 32 district delegates from all over the country got together at a meeting of the USW's Executive Board. Conclusions arrived at by the board usually remain secret until acted upon by the union's 170-man Wage-Policy Committee or a general convention.

Hope City Council last night reversed an earlier decision and voted to allow medical expenses to R. E. Muncey, city employee who was hurt on the job. The amount ran a little over \$89.

In other action the group passed two ordinances setting up Street Improvement District 24 and 25. Dist. 24 is on North Main and Dist. 25 is on Bonner and Fifth Streets.

Several other issues were discussed but no action taken.

Youthful Escapees Taken at Camden

Camden, May 7 (AP) — Two youths who escaped from the Arkansas Boys Industrial School near Pine Bluff were captured by city police here late last night.

The capture of Dennis McCaslin, 16, of Ft. Smith, and Charles Streiber, 15, of Sidney, left only one of six inmates who fled from the school Monday night at large. He is Arbe Brinkley, 18, of Patterson.

to the schools—even in prosperous days.

We have made a good beginning in southwest Arkansas. As reported in The Star last March, assessments for the Hope district increased 13 per cent for 1951 (on which we are now collecting) over 1950.

And the Prescott district did even better, with an increase of 16 per cent.

Markets

By The Associated Press
Grain prices dropped a bit in Chicago today. Hog prices were both higher and lower while cattle were mostly steady to strong.

Cotton futures opened thirty-five cents a bale lower to twenty cents higher. Wholesale meat was unchanged.

First, Here are the estimated carlot grain receipts at Chicago: Wheat 5; corn 59; oats 8; rye 1; barley 22; and soybeans 16.

Grains sagged a little in rather dull dealings on the Chicago board of trade today.

While general to all cereals, the losses did not amount to much in any particular case. Perhaps the weakest contract was May soybeans, which has been the strongest delivery for about the past 10 days. It amounted liquid-

Lovett Would Outlaw Strikes for Defense

By The Associated Press

Testifying before the House Armed Services Committee, Defense Secretary Robert Lovett supported the principle of outlawing strikes in vital defense industries. He said, however, that any proposed wage freeze might discourage wage negotiations in good faith.

In the senate, the preparedness subcommittee heard from American contractors, who built secret air bases in North Africa. There have been charges of waste and extravagance. A spokesman for the contracting companies, J. B. Benny — said some North African officials took advantage of the American companies, and he agreed there was some loafing on the job. But he said that for one of the biggest and fastest jobs of its kind in history, it was one to be proud of.

The Senate Judiciary Committee may act before nightfall on the nomination of Federal Judge James McGarvey as Attorney General. The committee heard today from two opponents to the nomination.

Defense Production Administrator Manly Fleischmann resigned today, and President Truman at once nominated Henry Fowler to succeed him. Fowler would stay on as National Administrator while becoming the DPA boss. Fleischmann once held both posts.

Secretary of State Dean Acheson has accused Russia of an international crime in charging the United States with waging germ warfare in Korea. He said at a news conference that Russia insists it wants peace, yet pours out an endless campaign of hate.

Acheson said that if the Communists really wanted peace in Korea, they would describe it as fair and reasonable.

At almost the same time, Deputy Defense Secretary William Foster called the armistice offer the final one for the United Nations. He said, however, that while the UN is taking a firm stand, there is no ultimatum.

2,244 Teacher Eligibles Due From U. of A.

Little Rock, May 7 (UP) — At least 2,244 graduates of Arkansas colleges and the state university will be eligible for teaching certificates this year, the state education department said today.

Of the grand total, approximately 1,538 could receive their certificates on the basis of their bachelor's degrees. The remainder would be eligible on the basis of other types of degrees.

The Education Department made the estimates in connection with a nationwide survey of teacher supply.

Seven Years Ago Guns Ceased Fire in Europe, the Elation Was Lacking Then as Now

By HAL BOYLE

New York, May 7 (AP) — Seven years ago this week the guns ceased fire in Europe and a way of life they never wanted ended for millions of Americans.

It was the way of war.

The news had been expected along the front for days, telling of the American and Russian forces along the Elbe River had made a German surrender only a formality.

But when word of the final surrender did come it raced through the battle lines like a surf of joy.

Yet in the hour of victory there was a strange lack of wild elation among the combat troops. They had fought too long and too hard for this moment, and they were over-tired.

And in most soldiers' hearts there was this worry:

"Hitler is down, but Hirohito is still to go. Will I have to go to Japan now?"

It is no criticism of the courage of these troops to say that most of them had no enthusiasm for a long journey to the Far East and more fighting there. They felt Europe had been their war and they had won it. They had lost many friends along the march from Normandy to the Elbe. All they wanted was to go back home and pick up the life they had left behind — to be again as they had been.

It was this feeling, the doubt as to whether they would be ticketed to the U. S. A. or Japan that accounted for the little general jubilation over the end of the European War.

Some soldiers wiped their eyes at the news. Some fired their carbines into the air — and immediately got hauled out for wasting ammo.

Bad Tomatoes Shipped by 2 Canneries

Little Rock, May 7 (AP) — A state health official says about 15,000 cases of canned tomatoes, which he described as adulterated, have been sold by two Washington County canners.

H. L. Austin, director of the Food and Drug Division of the State Board of Health, said the tomatoes had been sold without his permission or knowledge by the Clint Davis Canning Company of Clinchfield, and the Hilton Canning Company of Mayfield.

Austin said the tomatoes apparently were sold sometime before May 1. But he said he had not been able to find out who bought them or under what brand names they were sold.

The tomatoes were quarantined last August and September, Austin said, after a state inspection had found evidence of adulteration of both plants.

Austin said the tomatoes had been adulterated by the addition of too much water. He added that 9,682 cases of tomatoes from the Hilton company and 5,700 cases at the Davis plant had been quarantined.

AP&L Gets Nod to Extend Power Lines

Little Rock, May 7 (AP)—The Arkansas Public Service Commission has authorized the Arkansas Power and Light Co. to spend more than 36 million dollars on new construction.

The PSC yesterday granted permission for the expansion of A. P. & L.'s facilities in the state. Most of the power company's outlay will go to finance addition of 135,000-kilowatt units at the Cecil Lynch plant at Rose City North Little Rock and Stamps. In all, about \$26,250,000 will be spent to more than double the capacity of these plants.

Another 10 million dollars will be spent on 472 miles of high voltage lines. Three sections of the

proposed lines will be built to serve the aluminum plant which Reynolds Metals Co. plans to build near Arkadelphia.

Boy Testifies in Favor of Father

Fayetteville, May 7 (AP)—A 16-year-old boy testified here yesterday at the trial of his father on a charge of first degree murder that the shot that killed his mother was fired accidentally.

Young Billy Hudson told a jury of 10 men and two women that he was standing beside his father, Dick Hudson, 34-year-old Fayetteville liquor dealer, and saw the gun discharge accidentally.

Group Acts on Final Phase of Aid Bill

Washington, May 7 (AP)—The House Means Committee started final consideration of the foreign aid program today after cutting more than one billion dollars from funds earmarked for Europe.

The committee approved a total reduction of \$1,010,000,000 or 12.5 percent of the \$7,900,000,000 which President Truman requested. The cut paralleled a one-billion-dollar slash made by the Senate Foreign Affairs Committee. But the House group confined its cuts to Europe, instead of distributing them throughout the global program.

Naturally, apples are close relatives of pears.

Methodist Parley in Final Session

San Francisco, May 6 (AP)—The Methodist General Conference swung into its final session today after dealing decisively with the touchy question of the church attitude toward the unofficial Methodist Federation for Social Action.

The 720 delegates listened intently yesterday afternoon to debate on the federation, which was charged with following leftwing policies. Then they voted overwhelmingly to ask the federation to drop Methodist from its title and vacate offices in the Methodist Building, New York.

Before the conference today was the question whether to drop the no-smoking pledge required of ministerial candidates.

Last night, the conference adopted a report urging an end to racial discrimination in the church.

Grandma Made It But Not the Horse

Washington, May 6 (UP)—A spry grandmother apologized today for failing to ride her horse into the city on an anti-Communist mission to the Voice of America.

Mrs. Pauline Buffalari, who brought 13 letters to be read over the voice to Joseph Stalin, said she completed the last 11 miles of her 230-mile, 16-day ride from Norfolk, Va., in an automobile because "Sunday traffic got too bad for trotting."
"Bing," her pinto pony, rode the last leg of the trip in a van.

Russell in Florida's first presiden-
tial popularity contest in 20 years.
Russell had the support of Smath-
ers and Sen. Holland (D-Fla. Gov.
Fuller Warren, the entire Florida
congressional delegation, and most
of the state's political leaders.
But the slow-talking Kefauver
waged his familiar hand-shaking
campaign across the state with his
